

MULTI PURPOSES

Whichever model you choose, you will gain all the Agile advantages for the specific needs of your application.

SPECIAL FORKS SIZE

It can be combined with various fork sizes such as special fork lengths and widths, for adapting to suit to any type of application

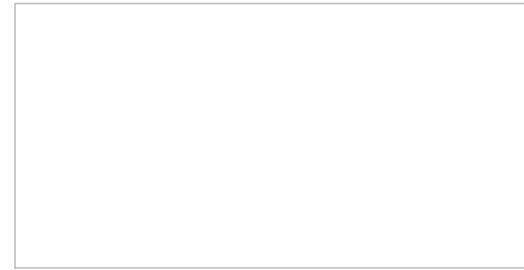

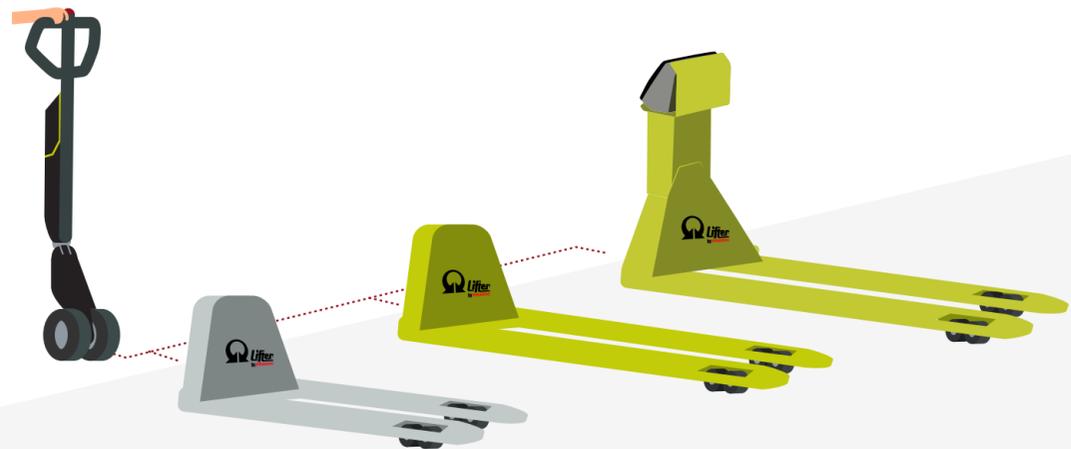

STAINLESS STEEL OR GALVANIZED

It can be available in stainless steel or with a galvanized finish, ideal for corrosive environments like cold storage and food manufacturing facilities or for applications where the highest levels of hygiene are required such as the chemical and pharmaceutical industry

SCALE OPTIONS (GS/P AGILE, PX AGILE)

It can be integrated with a functional and precise weighing system with several operating options, for increasing efficiency of procedures and saving time

1 DRIVE UNIT MANY COMBINATIONS

Pramac is a leading supplier of competitive material handling products, branded **Lifter by Pramac**, internationally recognized for its quality and performance.

agile

THE CONVENIENT SOLUTION
FOR YOUR BUSINESS

Agile is the family of innovative and reliable pallet trucks combining electric and manual functions for exceptional ease of use.

ADVANCED PERFORMANCES

Powerful, fast and Li-Ion powered, Agile is a smart innovative pallet truck. It makes the productivity more efficient and faster.

DOUBLE TRACTION WHEELS SYSTEM

The highest stability, better traction and durability in the market.

MAX SPEED

Best in class in light semi-electric category.

CAPACITY

To cover all logistic needs.

SHOCKPROOF METAL CASE

Robust protection of the drive unit against possible damages during loading/unloading on trucks.

AC MOTOR

Maintenance-free motor which grants reduced sound emission and is particularly specific for intensive working cycles.

agile

**ELECTRIC/
MANUAL MODE**

Ensures continuous working without downtime in case of low battery

agile
EVO

**100%
ELECTRIC**

Lift and drive

ADVANTAGES

The lightest in the category, compact as an HPT with a user-friendly interface. The simplicity of Agile with all functions at your hand and the great maneuverability in narrow spaces will immediately help improve your everyday work.

EXCEPTIONAL EASE OF USE

COMPACT AND LIGHT

Ideal for use in any application where space and weight is critical.

POWERFUL & STABLE DRIVING

Ideal for loading/unloading, on slopes and uneven floors and everyday last mile deliveries.

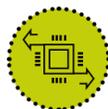

SIMPLE SWITCH ON/OFF

Equipped with the practical pocket size key switch, easily removable when the machine is not in use.

USER FRIENDLY FRONT LED INTUITIVE DISPLAY

Equipped with 3 push buttons, to make easily settings and read truck activities info, such as an odometer measuring the distance traveled.

EASY SPEED ADJUSTMENT

This feature offers safe driving performance, according to the operator's skill level or to workplace requirements.

SAFETY IN NARROW SPACE

The dedicated turtle mode allows for controlled maneuvering in tight spaces.

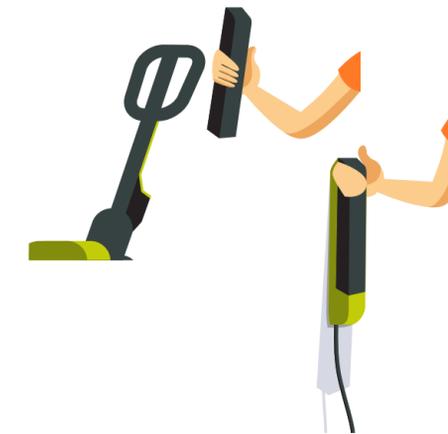

LI-ION BATTERY

Easily removable, lightweight, high-energy efficiency and totally maintenance-free, can be fully or partially recharged, ensuring great productivity.

SET OF BATTERY			
AGILE EVO	17 Ah	12.8 Ah	10.4 Ah
			-
AGILE	17 Ah	12.8 Ah	10.4 Ah
	-		

LONG LIFETIME LI-ION BATTERY SYSTEM

AUTONOMY

Continuous running with 600 kg average load at full speed.

RECHARGE

Fast and occasional, depending on the combination of battery and charger.

NO GAS EMISSION RECHARGE

Possibility to make it indoor in any place.

CONTINUOUS RUNNING

Using spare battery.

EASY BATTERY REMOVAL AND FAST RECHARGING

Two types of charger available (bench and wall mounted) with standard and fast charging time.

DESKTOP BATTERY CHARGER

Designed to optimize space, fast charge, and effectively add productivity to any working day.
